The municipality received 6% of grants as compared to 33% which was received in a similar period in 2015/16 financial year. Reason for 6% receipt is attributable to the fact that municipality was absorbing Aganang Municipality. As a result National Treasury only transferred two months proportional tranches to the Municipality. While the other tranches will be transferred in September which is still 1st Quarter of 2016/17 Financial Year.

However, this has resulted into a cash flow challenge in so far as capital expenditure is concerned; since most of our capital projects are funded by National Treasury grant transfers.

The situation will stabilize when transfers are made in September and expenditure will increase proportionate to level of grants to be transferred.
